# About us

Experience and Quality in Training

At SIC Training we pride ourselves on offering a high quality educational experience, backed by years of experience and success in specialised training.

## **Be what you want to be, choose your future!**

If you want to train and are looking for the best alternative to train and grow professionally in Integrated and Cultural Solutions (SIC) we can help you. We give you the option to do it in an effective, up-to-date and comfortable way that adapts to your schedule and lifestyle.

For more than a decade we have been helping our students to achieve their goals through a multidisciplinary catalogue in sectors such as education, health and accessible tourism. Ambitious projects that adapt to you.

## **Power your future with us**

Our experience backs us up

For more than a decade at Soluciones Integradas y Culturales (SIC) we have been dedicated to specialised training both in the private sector working for companies with tailor-made plans, as well as through European projects and other state training plans. Our aim is to help our students achieve their goals through a multidisciplinary catalogue in sectors such as education, health, audiovisual production or performing arts, among others. Ambitious projects that can be adapted to your needs.

Investing in training is the best way to improve the quality of life, the professional career and, in the case of companies, the productivity and professional level of their employees. In our catalogue you can find the training that will undoubtedly help you to achieve your objectives. One of the main objectives of SIC is to support organisations to develop and strengthen their human capital, to improve the professional qualification for the employment of workers, to offer quality services and business excellence, to guarantee the maximum level of satisfaction of our clients and to continuously improve with the involvement of all our staff.

## **European Projects**

After years of experience, we believe in the internationalisation of projects and in training innovation as essential ways for the growth of our educational offer and the promotion of integration. Among our most outstanding initiatives are IDISI, Brain Project, Home Ecology or VetVirtual.

# Consultancy Services

Discover the best option to train your employees through European Funds.

At SIC Formación we have a great commitment to training in the business sector in order to improve the work performance of workers and, therefore, of the companies that choose us.

Through regulated and quality training, always specialised, we carry out prospecting and orientation work for our clients.

Over the years we have managed to design a study method to carry out consultancies with the aim of analysing and finding the best training options that can be carried out through the European Union Funds.

## SIC in Europe

SIC Formación is a beneficiary and intermediate body for the management of the European Regional Development Fund, which promotes the competitiveness and internationalisation of Spanish SMEs. The common aim of all the programmes managed by SIC and co-financed by the European Regional Development Fund (ERDF) is to foster internationalisation, promote technological development, innovation and quality research, guarantee a better use of information technologies and achieve a more competitive business fabric.
